

The Kimmel School CONSTRUCTION TRAINING SUMMER PROGRAM

for high school students

These 7-day/6-night on-campus programs for both boys and girls will include a 10-hr OSHA safety course, in which they will earn OSHA Safety certification. Next, students will complete a 16 hour Contren learning module entitled "Introduction to Basic Crew leadership". During the remainder of the week student will get to meet and interact with various construction organizations and companies through an assortment of engagement activities. Students will enjoy fun team building and leadership activities as well as participate in a formal presentation on the last day of the program in front of potential future employers.

Applications are due by **March 16**.

All accepted applicants will receive a full scholarship to attend.

Notifications of acceptance will be made by **April 15**.
